Éplucher les pommes de terre..

Couper les oignons.

Couper la viande.

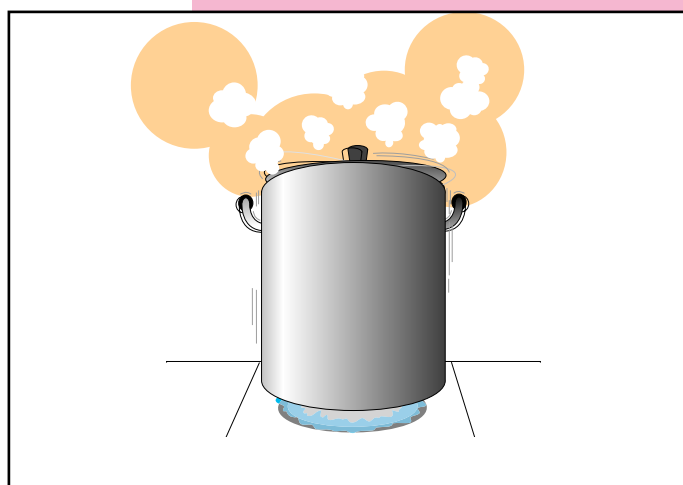

Et frire.

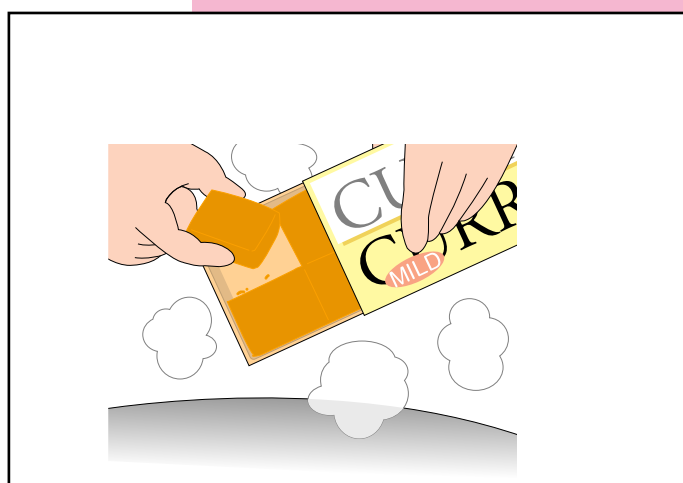

**Transférer dans un pot,
et ajouter de l'eau.**

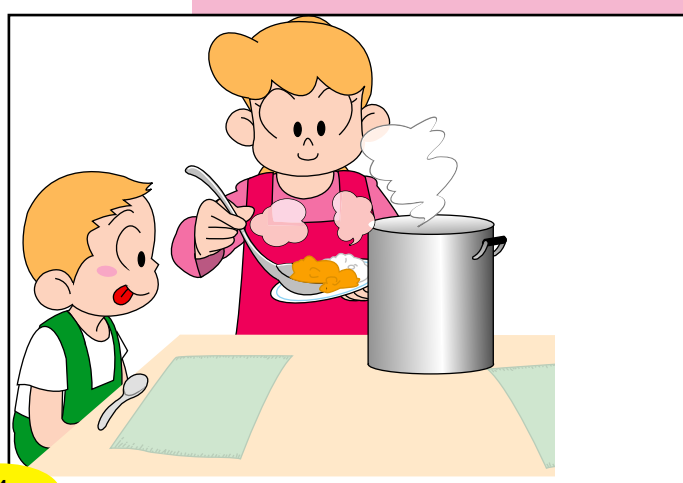

Puis faire bouillir..

**Ajouter quelques
épices.**

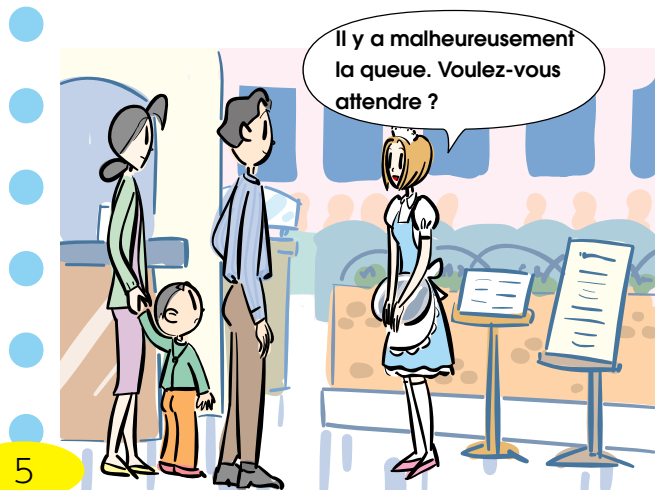

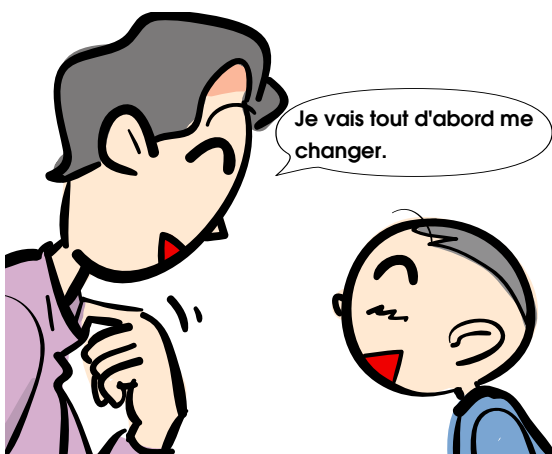

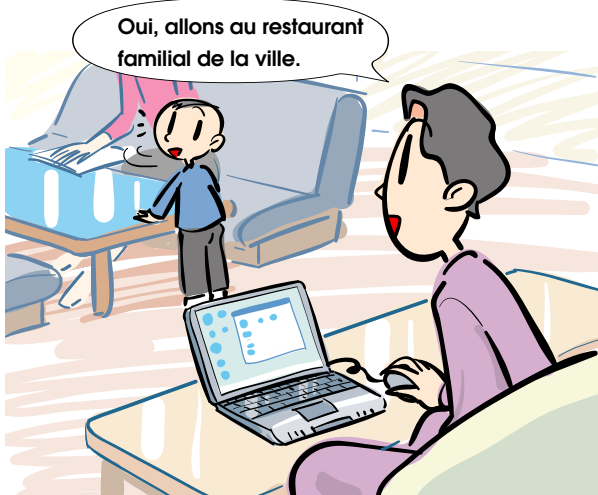

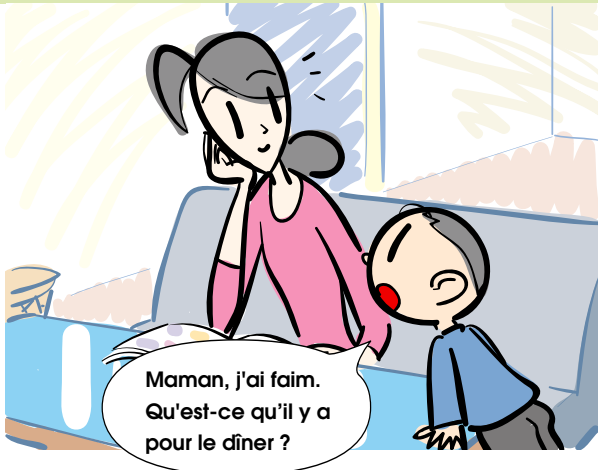

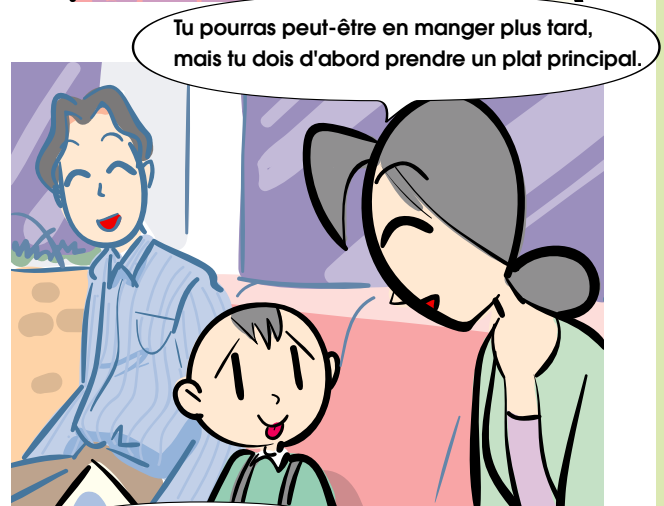

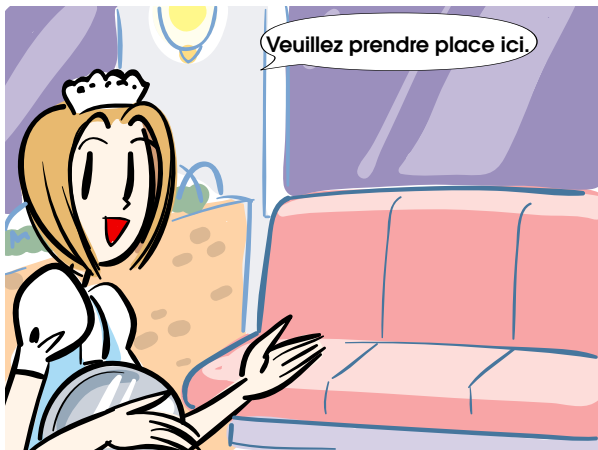

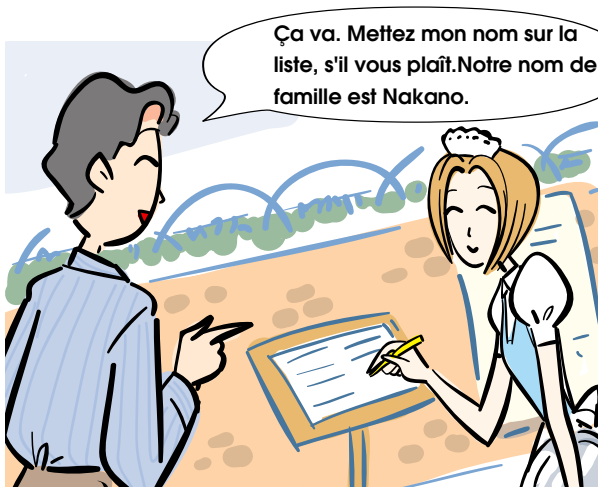

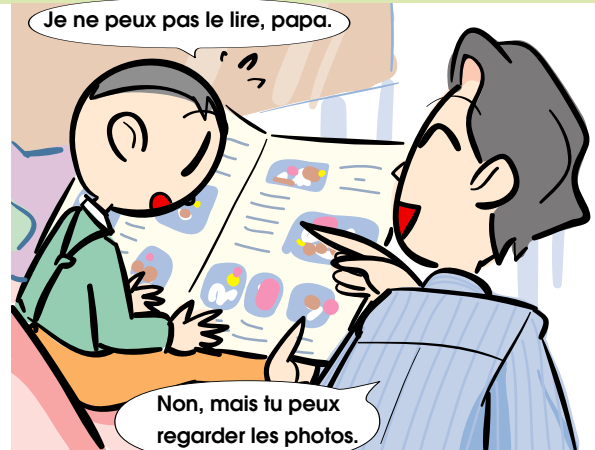

**Et servir.Mmmh.
Ça sent bon !**

としおの一日 : Manger dehors

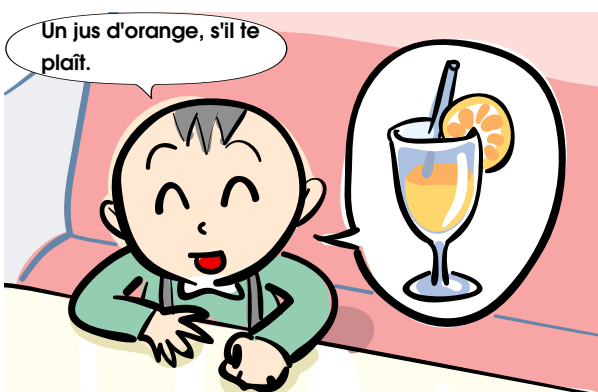

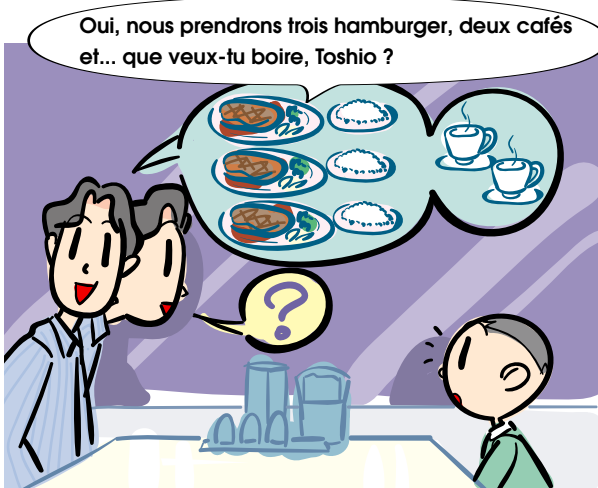

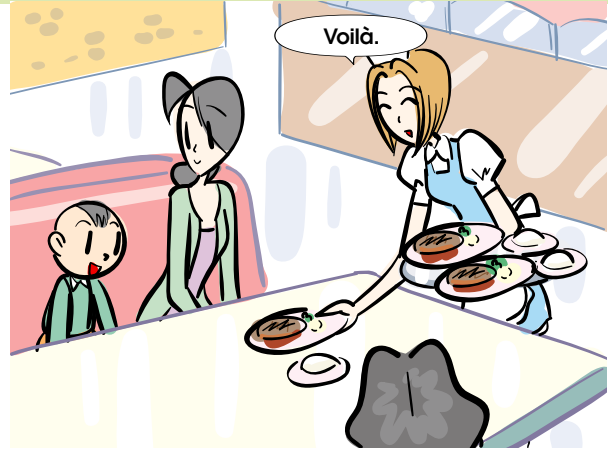

Année 2 étape 1

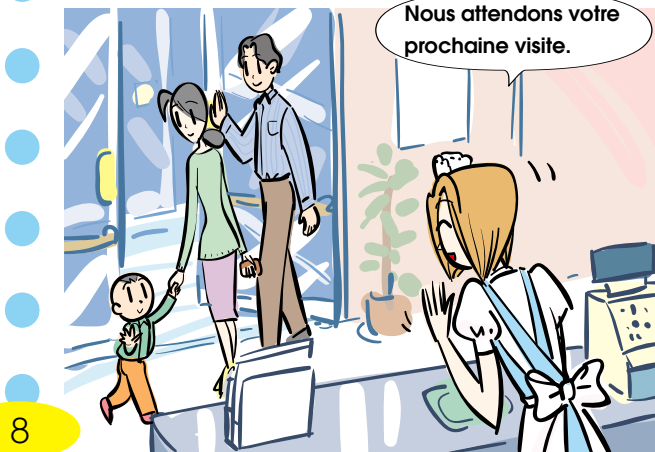

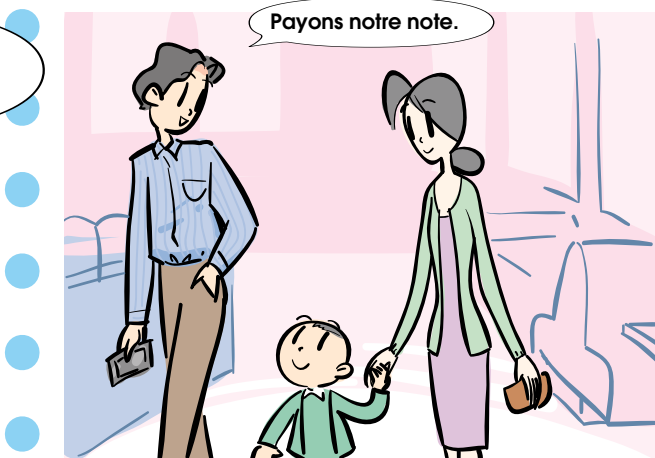

としおの一日 : Manger dehors

Année 2 étape 1

Marie, la chipie

Marie, Marie, la chipie
Ton jardin pousse comment ?
Avec des cloches d'argent et
coquillages élégants
Et de belles filles toutes en rang.

La petite Bo-Peep

La petite Bo-Peep a perdu ses moutons
Et ne sait où les trouver
Laisse-les donc
Ils reviendront
En remuant la queue derrière eux.
La petite Bo-Peep s'est endormie
Et a rêvé qu'elle les entendait bêler
Mais à son réveil
C'était toujours pareil
Ils étaient encore égarés
Puis elle a pris sa petite houlette
Décidée à les trouver,
Quelle joie de les retrouver,

LA SALSA DE FLEUR

Fleurs, fleurs, elles sont tout autour de nous.
 Oh, comme elles illuminent nos jours.
 Rappelons quelques noms de ces fleurs.
 Ensuite, nous dirons à nos amis,
 « Adios, hasta mañana, amigos ! »
 À l'anniversaire de grand-mère, je lui donne des roses.
 À la fête des mères, maman reçoit des œillets.
 À Noël, j'achète des poinsettias.
 Un jour d'été, vous trouverez des tournesols.
 Dans une île tropicale de beaux anthuriums.
 Dans les montagnes, je trouve des asters alpins.
 Sur le lac flottent des nénuphars.
 Dans ma cour sont des cerisiers aux fleurs roses.
 Hola, amigos, c'est une journée merveilleuse !

Arbres

Un cyprès et un peuplier sont des arbres minces.
 Un séquoia et un hêtre poussent et deviennent
 grands.
 Grands, courts,
 Combien en connaissez-vous ?
 Les arbres sont partout autour de vous.
 Un érable a une forme arrondie.
 Un sapin et un cèdre sont verts toute l'année.
 Et mon favori de tous est l'arbre de Noël !
